

# Pitch

The inspiration for the Pitch board grew from the aesthetic of free-standing pivot mirrors. This lighter scale, residential form lends itself well to the interiors we see and are designing for. Having the ability to specify this board in a variety of finish options will allow this family of wall-mounted and mobile boards to function in a wide range of environments and aesthetics, and will allow designers/specifiers to explore their imaginations.

### PRODUCT DESIGN NOTES

- Slightly pitched double-sided mobile surface creates an elegant obelisk side profile
- A slight angle makes the mobile board more approachable and provides a little more comfort to the user
- Integrated storage cubby and designer leather pull strap along the side-frame of the mobiles
- The wall-mounted boards, in an array of non-linear formats, allows designers to create patterns and mosaics that are both stylish and functional
