Arise Markerboard & Wall

INSTALLATION INSTRUCTIONS

In the box:

- Arise markerboard panel
- 1191 trim (2)
- 1226 trim (2)

Not provided:

- Appropriate wall fasteners
- PL adhesive

1191

1226

WARNING

Risk of injury to installers and users

Read the entire assembly directions before beginning assembly.

Center

1/8"

1191 trim

Center

7/8"

Top of 1191

Instructions:

1. Determine the desired bottom position of the board on the wall. Mark a level line with a pencil and also mark center.
2. Place the bottom edge of the 1191 trim on the level line and centered left to right. Drill in center of every slot.
3. Using appropriate wall fasteners, attach 1191 trim to the wall. Use a straight edge, shim where necessary so that all anchor points of the hanger are in line and level.

Note If installing 1226 trim the length of the 1191 trim needs to be cut $\frac{1}{4}$ " short of overall width of the panel/panels. This will allow the boards to extend past each end of the 1191 trim $\frac{1}{8}$ ".

4. When installing the top trim. Measure up from the bottom, of the bottom trim the height of the panel plus $\frac{1}{8}$ ". Make a level line and mark center. With the top edge of the trim on the line and centered left to right. Drill in the center of each slot.
5. Using appropriate wall fasteners, attach 1191 trim to the wall. Push trim up and snug securely. Do not overtighten because trim will be tapped down to hold the panel. Use a straight edge, shim where necessary so that all anchor points of the hanger are in line and level.

7/8"

3/8"

Instructions:

- Place board face down on a clean flat surface. Apply golf ball size of PL beads in a 12" X 12" inch grid pattern as shown to the back of the panel.
- Place panel into bottom trim press on surface to ensure back of panel glues to the wall. Gently tap the top trimmed down to secure panel. Make sure the edge of the panel overhangs trim 1/8".

Note: If installing multiple panels make sure the top trim isn't so low it prevents the next panel from sliding into place. Cut joint connector to fit between top and bottom trim. Insert the joint connector and repeat 6 & 7

- After panel/panels are installed and trim tapped down. Measure the overall height and cut the 1226 trim to size.
- Apply a small bead of PL adhesive to the inside of the trim. Press the trim onto the edge of the board. Secure trim in place with painters tape until adhesive has dried.

Standard Color Selections

Select from the 3 standard porcelain or 3 chalkboard colors

LCS Porcelain Colors - use with markers

No. 100 White

No. 101 Light Gray

No. 102 Beige

Chalkboard Colors - use with chalk

No. 500 Green

No. 501 Black

No. 502 Gray

Claridge LCS Porcelain enamel steel markerboard and chalkboard writing surfaces offer unsurpassed durability and performance – a lifetime of performance.

An environmentally friendly process that offers a wide range of decorative and functional colors for use on porcelain markerboards and walls.

- Unmatched scratch and stain resistance
- 100% non-combustible surface
- Magnetic surface
- Projection-friendly low gloss LCS surface
- Life of the Building Guarantee
- LCS Porcelain surface is SCS Indoor Advantage Certified

*Colors are reproduced with reasonable accuracy, and are for color identification purposes only.
If color is critical, contact us at 800-434-4610 to request an actual color sample.*

LCS PORCELAIN Markerboard and Chalkboard Features

ENVIRONMENTAL FEATURES

- **SCS Indoor Advantage Certified**

SCS Indoor Advantage certifications are product certification programs for low emitting interior building materials, furnishings and finish systems. SCS Indoor Advantage certified products undergo rigorous testing and must meet stringent standards for low chemical emissions based on established health standards for use in environments such as schools and healthcare facilities.

- **Cradle-to-Cradle™ Bronze Certification**

Cradle-to-Cradle Certification focuses on the characteristics of sustainable materials, products, and systems. The process places emphasis on the human and ecological health impacts of a product's ingredients, and on the ability of that product to be recycled or composted.

Third-party environmental certification assures customers and end users that products selected support healthy indoor air quality and do not emit harmful chemicals. LCS is non-combustible, gives off no toxic gases and is 99.9% recyclable.

CLEANING INSTRUCTIONS

Claridge LCS Porcelain® enamel steel surfaces are guaranteed to withstand the rigors of everyday use. Proper use and maintenance will ensure performance and keep LCS Porcelain markerboards and chalkboards looking like new. Visit claridgeproducts.com for complete cleaning and maintenance instructions.

WRITING SURFACE WARRANTY

Claridge LCS Porcelain enamel steel markerboard and chalkboard writing surfaces offer unsurpassed durability and performance – a lifetime of performance. We are so confident in the quality and dependability of our LCS Porcelain surfaces that we Guarantee it for the Life of the Building!

SPECIFICATION

Claridge markerboard and chalkboard surfaces are manufactured in accordance with PEI-1002 Manual and Performance Specifications for LCS Porcelain Enamel Writing Surfaces. The writing surface is made from steel covered on both sides with enamel coatings. Fusion bonded to the steel, the resulting LCS Porcelain surface is smooth, durable and abrasion-resistant providing the best dry-erase surface available.

POWDER COATINGS

Color Guide

An environmentally friendly process that offers a wide range of decorative, functional colors for use on glass markerboards, walls, and metal frames.

BENEFITS OF POWDER COATING

- More durable than baked enamels
- Delivers a brighter, smoother and cleaner finish
- Environmentally friendly, produces less hazardous waste than conventional liquid coatings
- Color choices are virtually unlimited with custom color matching

*Colors are reproduced with reasonable accuracy in standard Gloss finish unless noted Matte.
If match is critical, contact us at 800-434-4610 for actual samples*
