

ASPIRE

Projection-Friendly Markerboard

Claridge®

The Aspire Markerboard features our best in class writing surface, Claridge LCS Porcelain, which delivers a great writing experience and will stand the test of time. The incredibly smooth satin-gloss LCS Porcelain surface is built with a balance panel that gives an optimum projection quality for presentations, lectures, idea sharing or training sessions.

- Balance panel provides flatness required to be compatible with all major ultra-short throw interactive projector brands
- Interactive projector compatible
- Sizes to support images up to 100" diagonal
- Aluminum frame all four sides; mitered corners
- Perimeter trim is 5/8" wide
