Invisi-mount

INSTALLATION INSTRUCTIONS

Note:

Number of dual-lock assemblies furnished varies with markerboard size.
4' markerboards get 3 dual-lock sets; 6' size gets 4; 8' size gets 5.

Use caution when positioning glass markerboard panels next to each other. Because the weakest point of tempered glass is along the edges, edges should be protected as much as possible. Take care not to bump, rub, or grind edges together as fracturing may occur. Calyx will not be held responsible for damage caused by improper handling during installation.

**Dual lock is a registered trademark of 3M Corporation.*

Read the entire assembly directions before
beginning assembly.
