

# Custom Print

## Claridge Glass Markerboard

Create a custom printed glassboard by uploading your own artwork. Print anything from logos, to photos, to art, to anything you can think of! Simply upload your file you want printed using our custom portal [HERE](#).

- Standard glass colors available
- Custom glass colors available
- Choose from a variety of print locations for your graphic or choose “full board” to create a print that covers the entire surface. Perfect for art or photos.
- Landscape and portrait orientations available
- Writing surface accepts magnetic accessories
- Custom glass board prints can be applied to any glass panel

# Custom Print Claridge Glass Markerboard

## SPECIFICATIONS

- 1/4" low iron ultra clear glass
- Available in magnetic and non-magnetic glass
- Scratch and stain resistant
- 4 rare earth magnets included with each markerboard
- All mounting hardware included

## GLASS HIGHLIGHTS

- Bacteria resistant
- Premium writing surface
- Heavy material
- Reflective surface
- Magnetic option
- Lower contrast

## COLORS

- 10 standard glass colors
- 180 optional glass colors
- Custom color matching available

**View Claridge Glass Colors [HERE](#)**

## CUSTOMIZE

- Custom shape and size available
- Custom logo and artwork print direct to glass

## MOUNTING STYLE OPTIONS

## Glass Markerboard

Magnetic with  
Invisi-mount

### INSTALLATION INSTRUCTIONS

---

**Note:**

Number of dual-lock assemblies furnished varies with markerboard size.  
4' markerboards get 3 dual-lock sets; 6' size gets 4; 8' size gets 5.

Use caution when positioning glass markerboard panels next to each other. Because the weakest point of tempered glass is along the edges, edges should be protected as much as possible. Take care not to bump, rub, or grind edges together as fracturing may occur. Calyx will not be held responsible for damage caused by improper handling during installation.

*\*Dual lock is a registered trademark of 3M Corporation.*

**WARNING**

Risk of injury to installers and users  
Read the entire assembly directions before  
beginning assembly.

# Glass Markerboard with Invisi-mount

## INSTALLATION INSTRUCTIONS

1. Determine and mark desired height for mounting the magnetic glass markerboard
2. Measure down  $1 \frac{9}{16}$ " from designated height and strike a horizontal line for the bottom of the Z-bar.
3. Attach Z-bar hanger to wall using appropriate screws. Note: Slotted holes in hanger bar ensure easy alignment.
4. Position board on top of hanger and engage with hanger on back of glass markerboard.
5. Make a mark at bottom corners of glass markerboard and carefully remove board from wall.
6. Measure in and up approximately 2-to-3" from marked corners and install dual-lock 'disk' (washer) on wall using appropriate fastener. Press dual-lock strip (tab) firmly into disk on wall making sure mating is secure. (Dual-locks should be evenly spaced along the bottom of board).
7. Remove tape from assembly.
8. Reinstall markerboard, engaging hanger on back of markerboard with hanger on wall.
9. Press in at the bottom allowing the back of the glass markerboard to stick to the exposed adhesive on the hook and loop assembly.

## Glass Markerboard

Magnetic with  
Edge-mounts

### INSTALLATION INSTRUCTIONS

---

#### Parts List:

- Glass Markerboard
- Adjustable Edge Grip Stand-offs (number varies with board size)

#### Tools needed:

- Drill and Drill Bit
- Screwdriver
- Tape Measure and Level
- Hardware appropriate for wall installation

#### WARNING

Risk of injury to installers and users  
Read the entire assembly directions before  
beginning assembly.

# Glass Markerboard with Edge-mounts

## INSTALLATION INSTRUCTIONS

1. Determine the desired height for the bottom of your glass markerboard.
2. Measure up 1-1/4" from desired height and strike a horizontal line.
3. Determine the length of your board and measure in 3" from both ends of the board and drill a hole for the edge grips. NOTE: Space evenly if more than four edge grips are furnished. (4' lengths and smaller are furnished with four edge grip stand-offs; 6' and 8' lengths are furnished with six: three for the top and three for the bottom.)
4. Fasten the edge grips to wall using fasteners appropriate for wall.
5. Determine top height of board, measure down 13/16" and strike a line, making sure line is level.
6. Install top edge grips following instructions in Step 3.
7. Raise adjustable edge grips at top up as high as possible.
8. Position glass board in groove of bottom edge grips and set in place.
9. Very gently tap top edge grips down until they are snug against the top of the board.
10. Make sure all edge grip stand-off caps are screwed on securely.

Note: MGM magnetic glass boards are furnished with rare earth magnets. Additional Magnetic Markerboard Accessories are optional.

# Glass Markerboard

Magnetic with  
Through-mounts

## INSTALLATION INSTRUCTIONS

---

### Parts List:

- Glass Markerboard
- Stand-offs (number varies with board size)

### Tools Needed

- Pencil
- Level
- Drill
- 2mm allen wrench

### WARNING

Risk of injury to installers and users  
Read the entire assembly directions before  
beginning assembly.

# Glass Markerboard with Through-mounts

Figure 1

## INSTALLATION INSTRUCTIONS

1. Using a level, position the glass board on the wall, use the holes in the glass and mark their location on the wall.
2. Remove board from wall and pre-drill holes in center of circle.
3. Using appropriate screw, install the barrel of the standoffs, repeat for remaining standoffs. (We suggest you anchor into studs, if that is not an option, use fasteners appropriate for your wall type)
4. Make sure to position the barrel where the allen bolt is accessible after glass is installed. (see Figure 1)
5. Position glass centering holes on standoff barrel, making sure to add nylon washer to each side of glass.
6. Screw in cap. Once cap is tight, tighten allen bolts with 2 mm allen wrench.

*Always check the installation surface to ensure that the substrate will be strong enough to hold the weight of the panel. All installation must be done so with proper hardware and protective gears to ensure safety. It is important to check that parts are properly tightened at the end of each installation.*

# Claridge Glass Marker Wall

## INSTALLATION INSTRUCTIONS

GLASS MARKER WALL

**WARNING**  
Risk of injury to installers and users  
Read the entire assembly directions before  
beginning assembly.

# Claridge Glass Marker Wall

---

## INSTALLATION

1. Inspect product.
2. Cut trim to desired length based on number of panels to be installed.
3. Strike a level line marking position of bottom of glass panels.
4. Secure bottom trim to wall with appropriate screws and anchors making sure trim is level.
5. When installing the top trim, measure up from the bottom of the bottom trim the full height of the glass plus 1/8" and make it a level line. With the top edge of the trim on the line, drill in the center of each slot.
6. Fasten top trim to wall (push trim all the way up and snug securely). Do not over tighten because trim will be tapped down when glass is installed. Use a straight edge to check for flatness.
7. Apply adhesive to back of glass in globs about the size of a golf ball in a 12" grid pattern.
8. Place glass in bottom track then tap down the top trim to hold the glass. (If installing multiple panels, make sure the top trim isn't so low it prevents the next panel from sliding into place.)
9. If using the plastic t-mold between the glass panels cut it to desired length and apply adhesive on the backside of the strip. Repeat steps 7 and 8.

Note: If plastic t-mold is not used in the installation, we recommend using it to protect the edge of the glass while it is being moved into position. Place the t-mold in backwards between the glass panels, slide the panels together, pull the t-mold out and gently move the glass into its final position.

10. To insure a flush joint panels should be braced while adhesive is drying.

NOTE: Glass boards installed horizontally can be installed using 1191 clips in lieu of full length 1191 trim. Clips are pre-punched and installation steps would be the same as above. Clips should be evenly placed approx. 12 to 16" apart – top and bottom, starting 3 to 4" in from each end on individual glass panels. Clips are not recommended for glass panels mounted vertically.

### Standard Color Selections

Claridge Glass features an ultra clear writing surface that won't ghost or stain. An environmentally friendly process that offers 10 standard colors, 180 optional and unlimited custom colors for use on markerboards and walls.

- Works with standard dry-erase markers
- Doubles as a "tack" surface for use with magnetic accessories
- Resists humidity and fading
- SCS Indoor Advantage certified
- Eco-friendly, emits no VOCs

- Dry Erase markers can be wiped off using a standard eraser, microfiber eraser cloth or any dry cloth. Permanent markers may be removed using a standard glass cleaner.
- Periodic cleaning may be performed using glass cleaner. Avoid using abrasive type cleaners as they may dull or “pit” the surface of the glass.
- Always use a soft cloth, towel or microfiber cloth from Claridge to clean your Claridge Glass writing surface.
- Avoid cleaning glass if the surface is hot or in direct sunlight.
- Avoid leaving tape or other adhesives on your glass writing surface for long periods of time.

### Recommended Accessories:

#### Dry Erase Cloth

Product Code ECM227E - each  
ECM227D - 1 dozen

- 12”x12” Microfiber eraser cloth with a small magnet
- Erases cleanly with no smearing
- Reduces marker residue build-up

#### Magnetic Eraser

Product Code MGM-ME1

- Black felt eraser with strong rare earth magnets
- Measures 4-1/2” long, 2-1/8” wide and 7/8” thick

# POWDER COATINGS

## Color Guide

An environmentally friendly process that offers a wide range of decorative, functional colors for use on glass markerboards, walls, and metal frames.

### **BENEFITS OF POWDER COATING**

- More durable than baked enamels
- Delivers a brighter, smoother and cleaner finish
- Environmentally friendly, produces less hazardous waste than conventional liquid coatings
- Color choices are virtually unlimited with custom color matching

*Colors are reproduced with reasonable accuracy in standard Gloss finish unless noted Matte.  
If match is critical, contact us at 800-434-4610 for actual samples*

claridgeproducts.com

When properly installed in a suitable environment and under normal intended usage, care and maintenance, including the use of proper markers, erasers and cleaners; Claridge Glass markerboard writing surfaces are guaranteed for ten years.

This warranty excludes, among other things, any and all damages resulting from earth movements or any other natural and/or man-made disasters. We do not recommend the use of abrasive cleaners on the glass surface as they may dull or “pit” the surface of the glass. Guarantee covers replacement of defective surfaces but does not include damage to the edge of the glass board, cost of removal or re-installation.

SCS Global Services does hereby certify that an independent assessment has been conducted on behalf of:
