Claridge®

Products & Services for Division 10

“WHILE WE VALUE CLARIDGE’S LONG HISTORY OF SUCCESS, WE LOVE THEIR COMMITMENT TO INNOVATION — AND THEIR DOGGED DETERMINATION TO BRING OUR VISION TO LIFE.”

Welcome to Claridge’s construction catalog. If you specify, design, acquire, or install visual display products, you’re in the right spot. Here are three reasons why:

- 1. Claridge has been an essential part of the construction and renovation industries since 1947. Our track record in the visual display realm is unmatched.
- 2. Claridge knows what it takes to build the finest, most innovative visual display products — and to build solid customer relationships that stand the many tests of time.
- 3. While our more than seven decades of experience is reassuring, there are bigger reasons to do business with us.

What are those reasons? Well, every customer deserves to know that we understand their needs...that we can deliver precisely what they want...and that we can do so on-time and on-budget.

What’s more, it is not in our nature to rest on our laurels. We stay laser-focused on what we can do for you today. While keeping an eye on trends and innovations that will fashion a brilliant future for the visual display world.

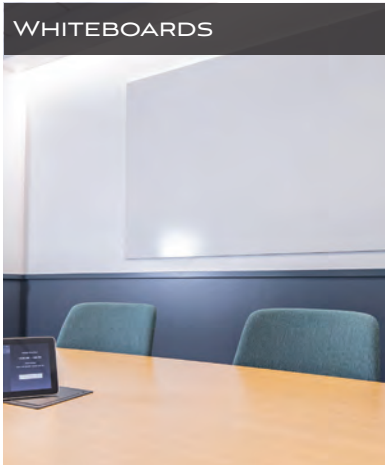

Finally, we get what you’re going through, because we are going through it, too. For instance, you are no doubt busier and wearing more hats than ever before. The last thing you need is a bulging to-do list. Our goal is to offer up a “less-to-do” list.

As you roll through our construction catalog, we believe you will feel at home. That goes for whether you are an architect...general contractor...facilities manager...builder/owner...or any stakeholder in the construction or renovation process.

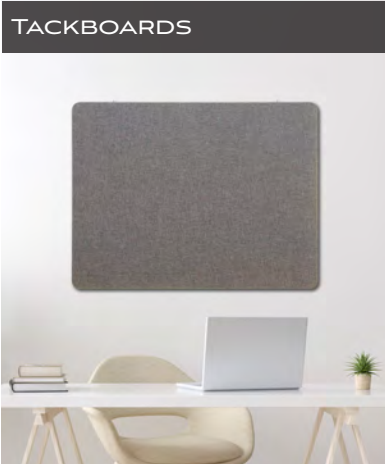

Ready to explore? Let’s see how the writing surface experts at Claridge are turning modern workspaces into vibrant idea places.

"ONE REASON CLARIDGE IS SO STRONG IN TODAY'S COLLABORATIVE LEARNING MOVEMENT IS THAT THEY ARE GREAT COLLABORATORS THEMSELVES."

How do you make your mark in education? At Claridge, we did it by designing and building the industry's preferred choice in writing surfaces.

Imagine going to school for over 75 years. That's how long Claridge has been looking after the needs of elementary and secondary places of learning. For many years, we've been the number one most specified marker board brand. You'll find Claridge in more North American schools than any other supplier.

And when it comes to visual display products for corporate or commercial installations, construction professionals trust Claridge. You will find our porcelain and glass marker boards, and porcelain chalkboards, gracing corporate workspaces all over the world.

Accept no imitations. Or limitations. Claridge capabilities run the gamut from sophisticated and aesthetic to entirely functional. We provide the right surface for the task at hand. Including the latest, most contemporary, very striking designs in glass or porcelain.

Come explore the most versatile, high-end visual displays ever created. The writing surface experts are ready when you are.

LCS SERIES BOARDS

DISCOVER WHY CLARIDGE IS THE #1
SPECIFIED DRY-ERASE BOARD IN AMERICA.

LCS SERIES MARKERBOARDS

Series 1

Series 2

Series 3

Series 4

Series 5

Series 8

Features:

- Writing Surface: Claridge LCS Porcelain Markerboard and Chalkboard
- Clear anodized aluminum frame
- 1” maprail shown and tray included
- Maximum length, 16’, maximum height for Type A is 5’ and Type CO is 4’
- O.A. panel thickness approx. 1/2”
- Claridge LCS Porcelain writing surfaces are SCS Indoor Advantage Gold certified

Options:

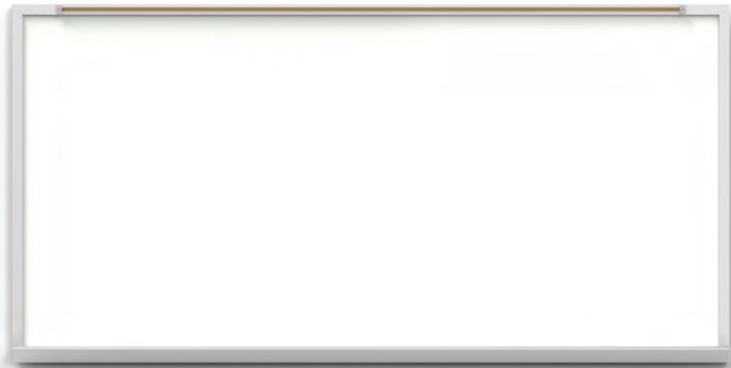

- Radius corners available, Series 4 units
- 2” maprail available
- Tackboards: Claridge Cork, Fabricork, Guilford of Maine FR701 Fabric, Hook-Fab, and Tan Nucork - see page 54

Finished size of units is ¼” larger in height and width than sizes listed. If exact overall size is required, specify when ordering. Installation using 16A adhesive is recommended. Screws or wall anchors are not included. Freight class 70.

Standard Sizes:

5' x 4'	5' x 5'	5' x 6'	5' x 8'	5' x 10'	5' x 12'	5' x 14'	5' x 16'

"IF I HAD TO CHOOSE A WORD TO DESCRIBE CLARIDGE, IT WOULD BE 'INSPIRING.'" THEIR PRODUCTS AND CAPABILITIES ARE INSPIRING — AND THEY ALSO INSPIRE US TO THINK OUTSIDE OF THE BOX."

Our learning curve began many decades ago. But while we honor the past, we are not stuck in it. Learning environments and collaborative work places have grown and evolved – and Claridge has too.

We believe highly functional visual display products should be highly attractive. Sort of like a usable work of art. Our ability to bridge the gap between form and function is one reason we are the number one choice in writing surfaces across North America.

Floor-to-ceiling marker walls present a wide-open space for creativity. So, by all means think big – literally and figuratively.

Materials matter. Select durable, high-quality LCS Porcelain Steel – valued in high-natural-light learning spaces – and blanketed by a lifetime warranty. Or make an architectural statement in gorgeous glass. It's not just nice to look at and write on. It's also very durable and close to maintenance free.

Basic can be beautiful. At Claridge, we believe that hard-working products needn't be ho-hum. Our project portfolio features everything from highly-practical to high-end, jaw-dropping installations. Claridge customers needn't settle for off-the-shelf solutions. We can tailor the design to match the most exacting requirements. A collaboration with your design team will turn dreams into a stunningly beautiful, as well as practical, reality.

CLARIDGE GLASS MARKER WALLS

Features:

- Exceptionally durable, virtually maintenance free
- Low-iron tempered glass for exceptional clarity
- 10 standard colors; 180 optional colors - see color options on page 53
- Available in heights up to 10'
- Magnetic surface
- Custom printing available
- Narrow face aluminum trim at top and bottom

Accessory tray, markers and microfiber cloth are optional

Number	Size (HxW)	Weight
GB6X4MGMW	6' x 4'	192 lbs.
GB8X4MGMW	8' x 4'	256 lbs.
GB10X4MGMW	10' x 4'	320 lbs.

ARISE MARKER WALL

Features:

SLIDING SYSTEMS

THE WISDOM OF LETTING THINGS SLIDE

FEATURING

Vertical Sliding Systems

Horizontal Sliding Systems

Claridge Glass Sliding Wall Systems

LCS Porcelain Sliding Wall Systems

"FROM HIGHLY AESTHETIC TO TOTALLY FUNCTIONAL, CLARIDGE'S DEEP KNOWLEDGE, KEEN CREATIVITY, AND UNLIMITED CAPABILITIES MAKE THEM OUR GO-TO PARTNER."

Claridge pioneered the vertical sliding board movement and we are still the clear leader. These large, complex moving panels are offered in vertical and horizontal configurations, customized to your specifications. Sliding units expand the opportunity for writing and learning – without having to expand existing wall space.

The Claridge customer commitment is as simple as it is ambitious: To provide tremendous value while valuing innovation. Every day, we build on our heritage and experience to meet the ever-evolving demands of 21st century collaborative environments.

Inspired spaces start with teamwork. From new construction planning, to budgeting, all the way through build-out, the Claridge construction services team stands ready to roll up our sleeves and tackle your project.

VERTICAL SLIDING SYSTEMS

VERTICAL SLIDING UNITS OFFER IDEAL VISUAL COMMUNICATION SOLUTIONS WHERE LARGE VISUAL DISPLAY SURFACES ARE REQUIRED BUT SPACE IS LIMITED.

VERTICAL FLOOR-MOUNTED SLIDING SYSTEMS

Features:

- Heavy-duty aluminum housing, trim and panel edging are extruded aluminum with clear anodize finish
- Manually or Motor Operated Units
- Floor mounted panels slide from floor to top of unit
- Balanced, lightweight panel construction provides needed rigidity and eliminates to and fro movement when panels are in use
- One, two or three 7/8" thick sliding panels (2-panel housing is 6-1/2" deep; face is 4")
- Back panel and sliding panels can be a writing surface – LCS Porcelain markerboard or chalkboard (Claridge Glass optional on certain sizes); tackboard – Claridge Cork, Fabriccork, Guilford of Maine FR701 Fabric, Tan Nucork or COM fabrics; and projection screen

Manually Operated		Motor Operated

88CSW	8' x 8'
108CSW	8' x 10'
128CSW	8' x 12'
168CSW	8' x 16'

Add to the product number, -1, -2, or -3 for the number of sliding panels.

HORIZONTAL SLIDING UNITS ARE CUSTOM-BUILT TO MEET CUSTOM NEEDS, PROVIDING OPTIMUM DISPLAY SURFACES WITHIN EASY REACH FOR TEACHING.

Features:

- Heavy-duty aluminum housing with clear anodize finish
- Sliding panels are top-suspended and glide easily over aluminum track on molded nylon rollers
- Nylon ball bearing rollers at top of unit and nylon guide rollers at bottom eliminate vibration and provide smooth, quiet operation
- Fixed back panel with 2, 3 or 4 sliding panels on 2, 3, or 4 tracks, offered in sizes up to 4' x 24'
- Back panel and sliding panels can be a writing surface – LCS Porcelain markerboard or chalkboard (Claridge Glass optional on certain sizes); or tackboard – Claridge Cork, Fabricork, Guilford of Maine FR701 Fabric, Tan Nucork, or COM fabrics
- Component parts (sliding panels with track, guide channel, and hardware, but no housing) available

Number	Size (HxW)
HS46	4' x 6'

HS416	4' x 16'
HS420	4' x 20'
HS424	4' x 24'

Add to the product number, -2, -3, or -4 for the number of tracks.

*2-track units weigh approx. 6 1/2 lbs. per sq. ft.
4-track units weigh 11 1/2 lbs. per sq. ft.*

HORIZONTAL CONCEALMENT SLIDING UNITS OFFER A DUAL PURPOSE AS A LARGE VISUAL DISPLAY SURFACE AND AS A SLIDING CONCEALMENT WALL FOR STORAGE.

Features:

- Cover an entire wall, floor-to-ceiling, up to 8' and utilize all available space
- Sliding panels glide easily over an aluminum track on molded nylon rollers
- Claridge Glass or LCS Porcelain writing surfaces available
- Magnetic surface
- Sliding marker walls are custom fabricated to your wall or environment dimensions. A writing surface expert will work closely with you to coordinate accurate field measurements.

Ask one of our writing surface experts how we can customize your space with a sliding marker wall system.

"CLARIDGE TOTALLY SUPPORTS OUR COMMITMENT TO CLEARLY COMMUNICATE INFORMATION ON OUR CAMPUS. THEY'RE THE ONES WE KNOW WE CAN COUNT ON."

Everyone involved in construction and renovation lives and works in an interdependent environment. Architects and general contractors operate on mutual trust. GCs rely on sub-contractors to build out a project on time, on budget, and with a zero punch list. And whatever your role, you must have complete confidence in your construction materials, products, and partners.

As we step forward into a brand new era of educational life, the value of communicating with students and teachers on campus has never been more clear. Displaying information in glass cabinets or bulletin boards keep students engaged in activities and school updates.

Let Claridge help you create a gallery of information that your school, healthcare facility, or government organization can proudly display.

Whether you're in charge of an office, manage a building, guide hundreds or even thousands of students, or are a contractor hired by a school or workplace, look to Claridge for communicative tools that serve their purpose with value and style.

Together, we'll foster a positive environment that brings out everyone's best and sets the stage for a successful future.

PREMIERE
DISPLAY CABINET

PREMIERE FREESTANDING
DISPLAY CABINET

- Xchange Graphic Board

“COMMUNICATION IS CRUCIAL IN THE HEALTH CARE ENVIRONMENT AND CLARIDGE PROVIDED THE TOOLS NECESSARY WITH CUSTOM PRINTED DISPLAY BOARDS.”

From off-the-shelf to completely custom, Claridge is your one-stop-shop for all your communicative needs. Take our designed-from-scratch medical boards for instance. Available in porcelain or glass, they easily incorporate personalized graphics, and can be used to track data or convey critical information.

High-quality tempered glass boards are built for safety and feature sanitary characteristics with anti-microbial properties. Sturdy glass cladding enhances patient and staff security. Or specify LCS Porcelain, including lined boards, scheduling boards, wall cladding, and more.

Claridge will also create eye-catching signage, as well as partitions to guide wayfinding flow. Choose markerboards, tackboards, or combination units finished with wood or aluminum frames. Dry erase marker boards integrate digitally-printed custom graphics, photo-quality images, or corporate logos.

If you have a creative idea that’s not shown here, contact us and our design team will go to work. Our capabilities are only limited by the imagination.

CUSTOM PRINTED GLASS BOARD

Features:

- Custom print personalized graphics, artwork, logos to brand an organization or to communicate information
- Easy to clean with anti-microbial properties
- Claridge Glass dry erase whiteboards are stylish, functional and easy to maintain
- Made from 1/4" low-iron, ultra-clear glass for exceptional clarity
- Claridge Glass is available in 10 standard colors and over 180 optional colors, with three different mounting options.

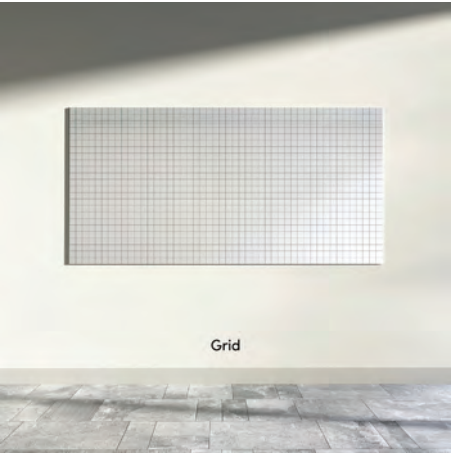

CUSTOM STANDARD GRAPHICS

Features:

- Standard graphics printed on Claridge Glass, our premier writing surface
- Options available in commonly used graphics
- Claridge Glass dry erase whiteboards are stylish, functional and easy to maintain
- Made from 1/4" low-iron, ultra-clear glass for exceptional clarity
- Claridge Glass is available in 10 standard colors and over 180 optional colors, with three different mounting options.

Options:

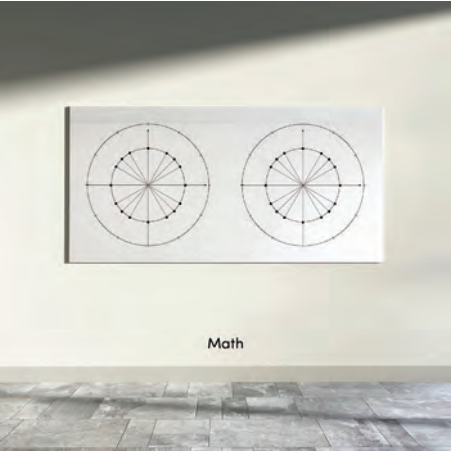

- Lined - horizontal lines, grid, music lines, nurse schedules
- Patient room information
- Calendar with or without side notes lines
- Math - algebra graph
- Sports - football, basketball, baseball/softball, volleyball, lacrosse

PANEL ADD-ONS

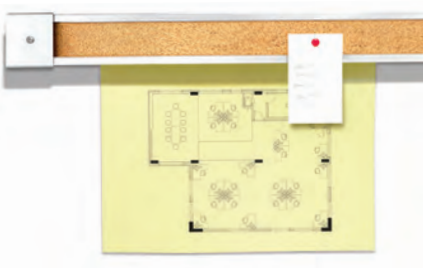

MAP & DISPLAY RAIL

- 51EZ aluminum rail (shown bottom) is 1” wide with a 5/8” tan cork insert (unless otherwise specified); 74EZ rail (shown top) is 2” wide with a 1-5/8” tan cork insert
- Recessed screw guide insures easy installation – angled design keeps insert in place
- Furnished with 1-1/2” pan head screws

EZ FIT PANELS

- EZ Fit panels are designed to fit over existing boards
- Panels are 1/4” white LCS porcelain enamel steel on Medium Density Fiberboard (MDF) core with a moisture barrier back
- Panels have 3/8” wide face clear anodized aluminum trim
- Standard sizes: 4’x4’, 4’x6’, 4’x8’, 4’x 10’, 4’x12’, 4’x16’

HANG TIGHT RAIL

- Combines standard aluminum map and display rail with a specially designed extrusion that holds posters, pamphlets, blueprints, etc., in place without tacking
- For easy removal, simply pull up and out
- Tackable insert is approx. 1-5/8” wide, available in your choice of materials and colors
- Compatible with 74EZ accessories
- Rail and gripping mechanism are made of heavy gauge aluminum

EDR EXHIBIT RAIL

- EDR offers an attractive and economical way of adding exhibit space
- Rail is 3” wide and features a Fabricork tackable insert
- Mounts with 3/4” flat head screws (furnished) or with your double-sided tape
